FEATURED SPEAKERS

V. CRAIG JORDAN, PHD

Professor, Breast Medical
Oncology and Molecular
and Cellular Oncology
The University of Texas
MD Anderson Cancer Center
Houston, Texas

Dr. Jordan is considered one
of the “Fathers of Tamoxifen,”
the groundbreaking
therapeutic drug for breast
cancer that has saved
countless lives.

JEFFREY ROSEN, PHD

Professor, Department of
Molecular and Cellular Biology
Baylor College of Medicine
Houston, Texas

Dr. Rosen studies the
mechanisms regulating
breast tissue and hormonal
activity and how these
mechanisms can contribute
to breast cancer.

Both of these preeminent
breast cancer experts will
speak at the 2016 Jensen
Symposium on Breast Cancer
November 3-4, 2016. The
symposium will honor the
many contributions of late
UC faculty member and
breast cancer pioneer
Elwood Jensen, PhD.
