

IN SCIENCE LIVES HOPE.

About Daniel Drake Center for Post-Acute Care

As a member of UC Health, Greater Cincinnati's academic health system, Daniel Drake Center for Post-Acute Care has served the Greater Cincinnati and Northern Kentucky region for more than 165 years. It is the region's premier provider of post-acute and transitional care services, offering a complete range of inpatient and outpatient services including medically complex care, skilled nursing, assisted living, wellness services and research. Daniel Drake Center helps patients recover from catastrophic injury and illness including multi-system organ failure, complex wound care, traumatic brain injury, stroke and spinal cord injury. It offers a comprehensive care continuum and a variety of services to help patients throughout their recovery.

Patients at Daniel Drake Center have access to many hospital based services including 24/7 on-site physician coverage, pharmacy, diagnostic imaging, wound care and specialty physician consultation services. The availability of these on-site services allows for quick response to the complex and evolving care needs for our patients.

Bridgeway Pointe, located on the Daniel Drake Center campus, provides high quality assisted living residential services in a safe, comfortable and supportive environment.
