

ABOUT WEST CHESTER HOSPITAL

West Chester Hospital is a full-service hospital that provides discovery-driven care in a pleasant, healing environment, and utilizes the very latest in medical technology, drawing upon the University of Cincinnati's nearly 200 years of research and medical expertise.

West Chester Hospital is known for its commitment to a supportive, meaningful and rewarding workplace environment for employees and has been consistently ranked as a top workplace in the Cincinnati region and in the state of Ohio.

As a member of UC Health, Greater Cincinnati's academic health system, West Chester Hospital provides its patients with access to the region's largest group of specialized physicians and medical providers. With a reputation for providing outstanding patient experiences and quality medical care, the hospital consistently ranks among the top 5% in the nation.

Serving the community since 2009, West Chester Hospital provides a Level III trauma center that delivers superior emergency and critical care, and a certified Primary Stroke Center that provides access to the subspecialty care through the UC Gardner Neuroscience Institute. West Chester Hospital holds Magnet® Recognition for excellence in nursing from the American Nurses Credentialing Center® (ANCC).
