

Movie Nights

We've got a new twist on "chick flicks." Instead of the usual romantic comedy, we're bringing in some interesting (and in some cases humorous) documentaries that address women's issues. Join us for a little camaraderie and some great, thought-provoking discussion.

Miss Representation

January 30, 6:30 – 8:30 p.m.

Our first film will be *Miss Representation*, the award-winning documentary on how women are portrayed in the media. The stories of teenage girls, journalists, entertainers and academics bring up many issues for girls and adult women from self-esteem to body image, the potential to attain leadership positions and the ability to be fairly represented in our government. A great show for Mom's and their sons and Dad's and their daughters.

The Story of Mothers and Daughters

April 10, 6:30 – 8:30 p.m.

From cradle to grave, from perfect to painful, the story of the mother-daughter bond is explored in intimate detail and epic scope; revealing a core experience within every woman's life. The film follows 40 ordinary women and girls in key moments of the mother-daughter relationship, including a remarkably diverse group of American women of every age, race, and experience. From birth to death, these stories define the mother-daughter bond as it endures and changes over a lifetime.

Hot Flash Havoc

June 19, 6:30 – 8:30 p.m.

HOT FLASH HAVOC is enlightening, entertaining, humorous, profound, and is a crash-course in what you need to know about menopause. It has the power to be a life-changing experience for every woman. This film not only sheds insightful light on the confusion stemming from a decade of misguided facts, but conveys poignant stories shared by real women and in-depth interviews with the world's most noted experts. Hot Flash Havoc provides compelling information about menopause that will empower women for the "Second Act" of their lives.

Kind Campaign

September 18, 6:30 – 8:30 p.m.

Kind Campaign is an internationally recognized movement, documentary and school program based upon the powerful belief in KINDness that brings awareness and healing to the negative and lasting effects of girl-against-girl crime.

In February 2009, while attending Pepperdine University, two young girls recognized a problem and decided to do something about it. Lauren Parsekian and Molly Thompson, both affected by female bullying, decided to create a documentary and non-profit that would ultimately change the lives of hundreds of thousands of people across America. The girls have gone on three national tours, spreading their school assembly program and documentary film in hundreds of schools and communities across the country.

All events are free and open to the public.

Please make reservations by calling ahead (513) 475-UC4U or visit our website for an on-line registration:
