Quick Tips for Requesting Your Medical Record

- ↻ For “Continuity of care” thereceiving care givertypically only want storeceive an “Abstract” of key information from the medical record. The same “Abstract” sent to care givers also almost always meetsthe need for individual use.
- ↻ A Medical Record “Abstract” contains the following:
 - ↳ Discharge Summary—this document is a summary of the care, treatment, and services.
 - ↳ Emergency Department Record
 - ↳ History and Physical—this form details the history of present illness and any relevant past history
 - ↳ Operative Reports—this report details the surgeon’s findings, technical procedures used, specimens removed and postoperative diagnosis
 - ↳ Consultation(s) Reports(s)—this report documents the findings of a physician requested to examine a patient
 - ↳ Radiology, XTray & Lab reports
- ↻ **There is a charge for medical records copies.** Requestors will be sent a prepayment invoice from our copying service MRO. Upon determination of total cost and once payment is received, the charts will be sent.

****Please note:** The state of Kentucky is the only place that offers 1 FREE copy of your chart, NOT Ohio**
- ↻ The Health Insurance Portability and Accountability Act (HIPAA) allows healthcare providers 30 days to process records. UC Health puts forth the very effort to provide records more timely, however occasionally the full 30 days are required to fulfill your request.
