

2020 COMMUNITY BENEFIT REPORT

\$23,870,847

TRADITIONAL CHARITY CARE

Every patient deserves essential healthcare. UC Health serves patients in difficult financial circumstances and offers assistance to those who have a medical necessity and meet our eligibility criteria.

\$53,035,813

SUBSIDIZED HEALTH SERVICES

UC Health provides clinical services to the community despite a financial loss. Examples include obstetrics services, renal dialysis, behavioral health, dental services and transplant services.

\$113,473,648

HEALTH PROFESSIONS EDUCATION & RESEARCH

UC Health supports educational programming for our employees and providers, and serves our community at-large through clinical and health-related research.

\$92,188,526

UNPAID COST OF MEDICAID

UC Health underwrites the cost of patient care that is not covered by Medicaid reimbursements and other payments.

\$946,673

COMMUNITY HEALTH IMPROVEMENTS

UC Health invests in the health of its community through health fairs, clinics, seminars, and health promotion and wellness programs.

\$1,761,704

FINANCIAL & IN-KIND CONTRIBUTIONS

Community members benefit from UC Health's donations of equipment/medical supplies, in-kind donations of services and meeting room/space for events and event sponsorships.

\$285,277,211

TOTAL COMMUNITY BENEFITS

Engaging with others to drive positive change in our community is integral to UC Health's mission.
