

2024 COMMUNITY BENEFIT REPORT

\$35,687,857

TRADITIONAL CHARITY CARE

Every patient deserves essential healthcare. UC Health serves patients in difficult financial circumstances and offers assistance to those who have a medical necessity and meet our eligibility criteria.

\$140,698,929

SUBSIDIZED HEALTH SERVICES

UC Health provides clinical services to the community despite a financial loss. Examples include emergency services, renal dialysis, behavioral health, dental services and transplant services.

\$100,772,742

HEALTH PROFESSIONS EDUCATION & RESEARCH

UC Health supports educational programming for our employees and providers, in addition to ongoing financial support to the UC College of Medicine. The organization serves our community at-large through clinical and health-related research.

\$131,608

COMMUNITY HEALTH IMPROVEMENTS

UC Health invests in the health of its community through health fairs, clinics, seminars, and health promotion and wellness programs.

\$1,278,706

FINANCIAL & IN-KIND CONTRIBUTIONS

Community members benefit from UC Health's donations of equipment/medical supplies, in-kind donations of services, and meeting room/space for events and event sponsorships.

\$278,569,842

TOTAL COMMUNITY BENEFITS

Engaging with others to drive positive change in our community is integral to UC Health's mission.
